SERVICE PLAN

NOW YOU CAN PLAN FOR A BETTER SERVICE

Our Service Plan has been designed to offer you the convenience of paying for your scheduled services through interestfree monthly payments. It can be tailored to meet your specific needs and allows you to spread the cost, just like you would with any other household bill.

Tailored to you

We'll be able to offer an individual quote based on your specific model of car and average annual mileage. You'll also be able to transfer any credit in your service fund to another vehicle should you decide to change your car during the term of the plan.

Why is regular maintenance necessary?

As a condition of your new vehicle limited warranty, you are responsible for properly using, maintaining and caring for your vehicle, as outlined in your Owner's Manual, and in your Warranty Booklet & Maintenance Record.

You must also maintain copies of all maintenance records & receipts for review by Nissan. Failure to do so can result in a denial of warranty work. Evidence of the performance of the required maintenance should be kept and presented as proof of such maintenance in connection with related warranty repairs.

What's Included?

Your Service Plan covers the cost of your scheduled Nissan servicing, covering parts and labour. It excludes any normal wear and tear items such as replacement tyres, windscreen wipers, brake pads, etc.
